

MACONNERIE- COMBLES

PROVISOIRE

This architectural floor plan depicts a symmetrical two-story building with a central vertical axis. The plan includes the following details:

- Overall Dimensions:** The building's total width is 1,140 units and its total depth is 1,840 units.
- Structural Elements:** A central vertical wall, 24 units thick, runs through the middle. The floor is labeled "DALLE EPAISSEUR 24cm".
- Room Layout:**
 - Top Section:** Features a central staircase (530 units wide) and a large rectangular room (165 units wide) on the right.
 - Bottom Section:** Mirrors the top section with a staircase and a large rectangular room.
 - Side Rooms:** Two smaller rooms, each 108 units wide, are located on the left and right sides of the central axis.
- Dimensions and Spacing:**
 - Horizontal Spacing:** 166, 20, 530, 185, 239.
 - Vertical Spacing:** 280, 141, 39, 40, 20, 139⁵, 97, 137, 210, 97, 137, 504, 131, 97, 137, 187⁵, 540, 196⁵, 299, 219⁵, 149, 299, 219⁵, 196⁵.
- Annotations:** The text "DALLES EN CIMENT" is present in the top right corner, and "DALLE EPAISSEUR 24cm" is repeated in the central rooms.
